

# Art. Sisal Small Boucle

## Technical Specification

WIDTH	4m   5m
COMPOSITION	Flatweave   100% Recycled PET
PILE HEIGHT	4mm
TOTAL HEIGHT	6mm
PILE WEIGHT	1600 grams   m <sup>2</sup>
TOTAL WEIGHT	1900 grams   m <sup>2</sup>
LIGHT FASTNESS	6
THERMAL VALUE	0.80 Tog
REACTION TO FIRE	CFL-s1
SOUND IMPACT ISOLATION	ISO 10140
DOMESTIC INSTALL METHOD	Double stick with quality underlay
COMMERCIAL INSTALL	Double stick with quality underlay

## General Information

Installation - Millers 1893 carpeting is covered by *BS 5325:2021 Installation of textile floorcoverings - code of practice*. Installers should familiarise themselves with the requirements of this standard. Please see our "Fitting Guide" for the main details from *BS 5255:2021*.

Maintenance - To maintain your carpet's appearance it is recommended that it is vacuumed at least 3 times a week to remove particles of dirt and dust which cause abrasion and premature wear. Loop Pile carpets must not use a motorised brush whereas a cut pile will benefit greatly from this. A SEBO FELIX PET is perfect for both as you can turn the brush on or off.

Cleaning - For general spot cleaning Millers 1893 recommend [JAMES B.V.](#) Their products are excellent for carpets and upholstery. We recommend a [JAMES STARTERSET](#) with every sale of Millers 1893 carpet.

Professional cleaning is recommended for larger areas.

Matching - Any sample will not be from the same production batch as current stock and therefore should not be used as a 100% match.

Matching between widths cannot be Guaranteed.
