

Matrix

Technical Specification

WIDTH	4m 5m
COMPOSITION	3ply 100% Pure New Wool
PILE HEIGHT	7mm
TOTAL HEIGHT	8.5mm
PILE WEIGHT	1356 grams m ²
TOTAL WEIGHT	2200 grams m ²
LIGHT FASTNESS	4
THERMAL VALUE	1.57 tog
REACTION TO FIRE	CFL-s1
SOUND IMPACT ISOLATION	25 Decibels
DOMESTIC INSTALL METHOD	Stretch Fitting with quality underlay
COMMERCIAL INSTALL	Double stick with quality underlay

General Information

Installation - Millers 1893 carpeting is covered by *BS 5325:2021 Installation of textile floorcoverings - code of practice*. Installers should familiarise themselves with the requirements of this standard. Please see our "Fitting Guide" for the main details from *BS 5255:2021*.

Cleaning - For general spot cleaning Millers 1893 recommend [JAMES B.V.](#) Their products are excellent for carpets and upholstery. We recommend a [JAMES STARTERSET](#) with every sale of Millers 1893 carpet.

Professional cleaning is recommended for larger areas.

Maintenance - To maintain your carpet's appearance it is recommended that it is vacuumed at least 3 times a week to remove particles of dirt and dust which cause abrasion and premature wear. Loop Pile carpets must not use a motorised brush whereas a cut pile will benefit greatly from this. A SEBO FELIX PET is perfect for both as you can turn the brush on or off.

Matching - Any sample will not be from the same production batch as current stock and therefore should not be used as a 100% match.

Matching between widths cannot be Guaranteed.
