| PILE HEIGHT             | 4mm                                   |
| TOTAL HEIGHT            | 6mm                                   |
| PILE WEIGHT             | 1400 grams   m <sup>2</sup>           |
| TOTAL WEIGHT            | 2300 grams   m <sup>2</sup>           |
| LIGHT FASTNESS          | 5                                     |
| THERMAL VALUE           | 1.05 tog                              |
| REACTION TO FIRE        | CFL-s1                                |
| SOUND IMPACT ISOLATION  | 25 Decibels                           |
| DOMESTIC INSTALL METHOD | Stretch Fitting with quality underlay |
| COMMERCIAL INSTALL      | Double stick with quality underlay    |

## General Information

Installation - Millers 1893 carpeting is covered by *BS 5325:2021 Installation of textile floorcoverings - code of practice*. Installers should familiarise themselves with the requirements of this standard. Please see our "Fitting Guide" for the main details from *BS 5255:2021*.

Cleaning - For general spot cleaning Millers 1893 recommend [JAMES B.V.](#) Their products are excellent for carpets and upholstery. We recommend a [JAMES STARTERSET](#) with every sale of Millers 1893 carpet.

Professional cleaning is recommended for larger areas.

Maintenance - To maintain your carpet's appearance it is recommended that it is vacuumed at least 3 times a week to remove particles of dirt and dust which cause abrasion and premature wear. Loop Pile carpets must not use a motorised brush whereas a cut pile will benefit greatly from this. A SEBO FELIX PET is perfect for both as you can turn the brush on or off.

Matching - Any sample will not be from the same production batch as current stock and therefore should not be used as a 100% match.

Matching between widths cannot be Guaranteed.
